Coach/Manager Signature:

Official Tournament Roster is required for each Game and must be picked up from the Field Marshal before the start of each game and presented to the referee at least 10 minutes before the start of each game. After each game the roster is required to be returned to the Field Marshal to report the score provided by the referee. As the undersigned representative of this participating team, we do agree to release, indemnify and hold harmless the La Jolla Labor Day tournament and any officials, sponsors, coaches, referees and/or representatives from any claim arising from any injury to named participants on this team. Further, I certify that each player registered is fully covered by an approved medical insurance plan as required for youth sports. I recognize and acknowledge that adverse weather is an act of nature and we will accept all decisions regarding playability for facilities (and therefore, potentially, the outcome of competition) by the tournament officials as final without objection, appeal or compensation whatsoever.
